PROJECTS

E-commerce Website

Tech Stack: HTML, CSS, JavaScript

Developed a responsive e-commerce web application with product listings, cart, and user authentication.

Implemented intuitive UI and form validations to enhance user experience.

HOTEL BOOKING MANAGMENT

Built a dynamic hotel booking app using React with useState, useEffect, and React Router.

Handled navigation, state management, and reusable components for a smooth user experience

Learning Management System

Built a Learning Management System (LMS) with secure authentication, course management, and role-based dashboards. Improved learning experience through responsive UI, progress tracking, and seamless user enrollment.

AREA OF INTERST

Passionate about Front-End and Full-Stack Web Development, focusing on responsive UI, seamless user experience, and building dynamic web applications with React.js and the MERN stack.
